- The above Consolidated unaudited Financial Results of the Group for the quarter ended 30th June, 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meeting held on 29th July, 2020.
- The Company has issued 2,750 Equity Shares under the ESOP scheme at an exercise price of ₹ 333.90 per equity share (including premium of ₹ 331.90 per equity share) during the quarter ended 30th June, 2020.
- The Board of Directors approved the Scheme of Amalgamation ("Scheme") under section 230 to 232 of the Companies Act, 2013 for merger of Phoenix Hospitality Company Private Limited ("PHCPL"), a subsidiary company with the Company from the Appointed Date 1st April, 2019. The effect of the merger would be accounted for after the Scheme is approved by National Company Law Tribunal ("NCLT") and other authorities. The Company has received a No-objection Certificate from both the stock exchanges, pursuant to which it has filed the merger application with the NCLT, based on which the NCLT has directed the Company to convene the Shareholders' meeting. Owing to the Covid induced Lockdown, the Company has applied for an extension to convene the said Shareholders' meeting.
- The Group's operations have been impacted by the Covid 19 pandemic induced lockdowns. In preparation of these results, the Group has taken into account internal and external sources of information to assess possible impacts of the pandemic, including but not limited to assessment of liquidity and going concern, recoverable values of its financial and non-financial assets. Based on the current indicators of future economic conditions, the Group has available sanctioned unutilised working capital limits to meet any of its immediate cash flow requirements. In order to conserve its cash flows, the Group has availed moratorium offered by lenders as per the RBI guidelines on principal and interest for a period of 6 months. It has also assessed the potential impact of Covid-19 on the carrying value of property, plant & equipment, Capital work in Progress, inventory, intangible assets, investments, trade receivables & other current assets For recognition of Mall revenue for the quarter ended June 30, 2020, management has considered certain concessions/relief/moratorium on rentals extended to its retailers/licensees for the period of lockdown as well as some further period considering the extended impact

of the pandemic. Such concessions are determined based on discussions concluded with retailers/licensees on case to case basis. For cases, where discussions have not commenced or are ongoing, the revenue accrual considers the management estimate of most likely agreeable amounts of concession based on its ongoing discussions and its relationship with the retailers / licensee. Operations at Residential site have witnessed limited impact. The project continues to see significant buying interest as evidenced from

site visits from customers and channel partners. The Group expects the hotels to become operational in phased manner as the demand for its services is expected to pick up albeit at a slower pace. The city of Mumbai continues to be in the state of partial lock down with few relaxations being introduced by the Government. Demand outlook for second half continues to remain good mainly on account of demand from corporates and postponement of large, luxury weddings during March 2020 to June 2020 to the period between October 2020 and March 2021.

Based on current estimates, management expect to recover the carrying amounts of the assets that includes the revenue recognized during the quarter. Considering the evolving nature of the pandemic, its actual impact in future could be different from that estimated as at the date of approval of these financial results. The Group will continue to closely monitor uncertainties arising of material changes

- Considering the impact of thr pandemic on the operations of the group during the current quarter ended June 30, 2020, the above results and performance for the quarter is not representative of revenue and performance for the entire year
- Based on the results & the financial information regularly reviewed by chief operating decision maker for making decisions about the resource allocation & performance assessment, the group has on consolidated basis identified two reportable segments viz Property & related services and Hospitality services as per Ind As 108.
- The figures for the quarter ended 31st March, 2020 are the balancing figures between the audited figures in respect of the full financial year and the published year-to-date figures up to the third quarter of the said financial year, which were subject to limited review by the

- The above Consolidated unaudited Financial Results of the Group for the guarter ended 30th June, 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meeting held on 29th July, 2020.
- The Company has issued 2,750 Equity Shares under the ESOP scheme at an exercise price of ₹ 333.90 per equity share (including premium of ₹ 331.90 per equity share) during the guarter ended 30th June. 2020.
- The Board of Directors approved the Scheme of Amalgamation ("Scheme") under section 230 to 232 of the Companies Act, 2013 for merger of Phoenix Hospitality Company Private Limited ("PHCPL"), a subsidiary company with the Company from the Appointed Date 1st April, 2019. The effect of the merger would be accounted for after the Scheme is approved by National Company Law Tribunal ("NCLT") and other authorities. The Company has received a No-objection Certificate from both the stock exchanges, pursuant to which it has filed the merger application with the NCLT, based on which the NCLT has directed the Company to convene the Shareholders' meeting. Owing to the Covid induced Lockdown, the Company has applied for an extension to convene the said Shareholders' meeting.
- The Group's operations have been impacted by the Covid 19 pandemic induced lockdowns. In preparation of these results, the Group has taken into account internal and external sources of information to assess possible impacts of the pandemic, including but not limited to assessment of liquidity and going concern, recoverable values of its financial and non-financial assets. Based on the current indicators of future economic conditions, the Group has available sanctioned unutilised working capital limits to meet any of its immediate cash flow requirements. In order to conserve its cash flows, the Group has availed moratorium offered by lenders as per the RBI guidelines on principal and interest for a period of 6 months. It has also assessed the potential impact of Covid-19 on the carrying value of property,

plant & equipment, Capital work in Progress, inventory, intangible assets, investments, trade receivables & other current assets. For recognition of Mall revenue for the guarter ended June 30, 2020, management has considered certain concessions/relief/moratorium on rentals extended to its retailers/licensees for the period of lockdown as well as some further period considering the extended impact of the pandemic. Such concessions are determined based on discussions concluded with retailers/licensees on case to case basis. For cases, where discussions have not commenced or are ongoing, the revenue accrual considers the management estimate of most

likely agreeable amounts of concession based on its ongoing discussions and its relationship with the retailers / licensee. Operations at Residential site have witnessed limited impact. The project continues to see significant buying interest as evidenced from site visits from customers and channel partners.

The Group expects the hotels to become operational in phased manner as the demand for its services is expected to pick up albeit at a slower pace. The city of Mumbai continues to be in the state of partial lock down with few relaxations being introduced by the Government. Demand outlook for second half continues to remain good mainly on account of demand from corporates and postponement of large, luxury weddings during March 2020 to June 2020 to the period between October 2020 and March 2021.

Based on current estimates, management expect to recover the carrying amounts of the assets that includes the revenue recognized during the quarter. Considering the evolving nature of the pandemic, its actual impact in future could be different from that estimated as at the date of approval of these financial results. The Group will continue to closely monitor uncertainties arising of material changes
