ORIGINAL

INDEPENDENT AUDITORS' REPORT

To,
The Members of
Pallazzio Hotels & Leisure Limited

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **Pallazzio Hotels & Leisure Limited** ('the Company') which comprise the Balance Sheet as at 31st March 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (together referred to as Ind AS financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') **in the manner so required and give a true and fair view in conformity with the accounting principles** generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March 2020, and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matter to be communicated in our report.

Other Matters

Due to Covid-19 and consequent to lockdown, we could not be present during the physical verification of inventory and cash carried out by the Company as at year end. We have relied on procedures for physical verification of inventory and cash carried out by the Company. Our opinion is not modified in respect of this matter.

Information Other than the Ind AS financial statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the other information. The other information obtained at the date of this auditor's report comprises of Board of Director's report, but does not include the financial statements and our auditor's report thereon.

N. A. SHAH ASSOCIATES LLP

Chartered Accountants

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with Companies (Indian Accounting Standard) Rules, 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

N. A. SHAH ASSOCIATES LLP

Chartered Accountants

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

N. A. SHAH ASSOCIATES LLP

Chartered Accountants

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March 2020 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to adequacy of internal financial controls system over financial reporting of the Company and operating effectiveness of such controls, refer to our separate report given in Annexure II; and
- g) The Company has not paid or provided any managerial remuneration. Hence, reporting under section 197(16) of the Act is not applicable.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note 27.1(b), 37(a), 37(b), 37(d) & 37(e) to the Ind AS financial statements;
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - There are no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Pallazzo Hotels & Leisure Limited

Annexure I to Independent Auditor's Report for the year ended 31st March 2020

[Referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date]

1. In respect of fixed assets:

- (i) The Company has maintained proper records substantially showing full particulars, including quantitative details and situation of fixed assets, except in respect of certain items of furniture & fixtures and plant & machinery at Hotel. As explained to us, the Company is in the process of updating the required details in the fixed asset register. The said matter related to updating details under progress was also reported in the previous year in para 1(i) of Annexure I to Independent Auditor's Report dated 14th May 2019.
- (ii) The Company has a phased programme for physical verification of fixed assets at hotel designed to cover all the items at-least once over a period of three years from financial year 2017-18 to 2019-20, which, in our opinion, is reasonable having regard to the size of the Company and nature of its assets. In the previous year, the Company had conducted 100% physical verification of all assets at hotel. Reconciliation of the substantial portion of fixed assets have been completed in the current year. No material discrepancies were noticed in respect of assets reconciled. The reconciliation is in progress with respect to certain items of furniture & fixtures and plant & machinery. The said matter related to reconciliation under process was also reported in the previous year in para 1(ii) of Annexure I to Independent Auditor's Report dated 14th May 2019.

In respect of other assets at the head office, the Company has carried out a physical verification during the year and no material discrepancies were noticed in respect of the assets verified. In our opinion, this periodicity of physical verification at head office is reasonable having regard to the size of the Company and the nature of its assets.

- (iii) As stated in note 5 of the financial statements, conveyance and transfer formalities of the land development rights purchased from the holding company on which the hotel building is constructed are pending to be completed. Considering the same the title of the below mentioned assets are not in the name of the Company.

(Rs. in lakhs)

Nature of immovable properties	Number of cases	Gross block as on 31 st March 2020	Net block as on 31 st March 2020
Land / FSI / development rights	1	32,110.50	32,110.50
Hotel building	1	51,365.44	42,589.85

The above matter was also reported in the previous year in para 1(iii) of Annexure I to Independent Auditor's Report dated 14th May 2019. On account of the lockdown due to Covid-19 pandemic, we have relied on photocopies of agreement for purchase of land development rights for above reporting.

2. The inventories have been physically verified during the year by the management. In our opinion, the frequency of physical verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material. (Also refer other matters para of our audit report).
3. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, LLP or other parties covered in the register maintained under Section 189 of the Act. Therefore, the requirements of clause (iii) (a) to (iii) (c) of paragraph 3 of the Order are not applicable to the Company.

N. A. SHAH ASSOCIATES LLP

Chartered Accountants

Pallazzio Hotels & Leisure LimitedAnnexure I to Independent Auditor's Report for the year ended 31st March 2020

[Referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date]

4. During the year the Company has not granted any loans or made any investments or provided any guarantees or securities covered under section 185 and section 186 of the Act. Therefore, question of ensuring compliance with section 185 and 186 of the Act does not arise.
5. In our opinion and according to the information and explanation given to us, the Company has not accepted any deposits within the meaning of section 73 to 76 of the Act and rules framed there under. We are informed that no order relating to Company has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
6. The Central Government has not prescribed maintenance of cost records under section 148(1) of the Act for Hotel / Hospitality sector of the Company. Accordingly clause (vi) of paragraph 3 the Order is not applicable to the Company.
7. (i) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, in respect of amounts deducted / accrued in the books of accounts, the Company has been regular in depositing undisputed statutory dues including Income Tax, Sales Tax, Duty of Custom, Value Added Tax, Cess and any other material statutory dues, as applicable to the Company, during the year with the appropriate authorities except few delays in payment of Provident Fund, Employees State Insurance Scheme, Tax Deduction at Source, Professional Tax, Maharashtra Labour Welfare Fund and Goods and Services Tax. According to the information and explanation given to us, no undisputed amounts payable in respect of statutory dues were in arrears, as at 31st March 2020 for a period of more than six months from the date they became payable.
- (ii) According to the records of the Company and information and explanations given to us, there are no disputed dues of Income Tax, Sales Tax, Goods and Services Tax, Service Tax, Custom Duty, Wealth Tax, Excise Duty and Cess which have not been deposited with appropriate authorities on account of any dispute except as mentioned below:

Name of statute	Nature of Dues	Period which relates to it	Rs. in lakhs	Forum where dispute is pending
Income Tax Act, 1961	Income tax and interest & penalty thereon	April 11 to March 12	7.98*	Commissioner of Income Tax (Appeal) (Refer note 37(a))
Income Tax Act, 1961	Income tax and interest & penalty thereon	April 16 to March 17	16.97	Assistant Commissioner of Income Tax (Refer note 37(a))
Maharashtra Tax on Luxuries Act, 1987	Luxury tax and interest & penalty thereon	April 13 to March 14	34.59**	Joint Commissioner of Sales Tax (Appeals) (Refer note 37(d))

* Net of Rs. 2 lakhs paid under protest

** Net of Rs. 10 lakhs paid under protest

Pallazzio Hotels & Leisure Limited

Annexure I to Independent Auditor's Report for the year ended 31st March 2020

[Referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date]

8. Based on our audit procedures and the information and explanation given by the management, we are of the opinion that the Company has not defaulted in repayment of loans to banks. The Company has not taken any loans or borrowings from financial institution / government.

During the year, Compulsory Convertible Debentures (CCDs) are not due for conversion. Further, coupon rate equivalent to dividend rate would be payable to CCD holders in case of declaration of dividend to equity shareholders, however, during the year the Company has not declared any dividend to equity shareholders. In respect of Optionally Fully Convertible Debentures (OFCD), considering the terms of issue, no coupon is due. Considering these, the question of default does not arise in respect of amount due to debenture holders.

9. During the year, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments). In our opinion and according to the information and explanations given to us, on an overall basis, the term loans taken during the year have been applied for the purpose for which they were obtained.
10. During the course of our examination of the books of account and records of the Company, carried out in accordance with generally accepted auditing practices in India and according to the information and explanations given to us, we have neither noticed nor have been informed by the management, any incidence of fraud by the Company or on the Company by its officers or employees.
11. According to the information and explanation given to us and based on our examination of the records, the Company has not paid / provided for managerial remuneration. Therefore, the provisions of clause (xi) of paragraph 3 of the Order are not applicable to the Company.
12. The Company is not a Nidhi Company. Therefore, the provisions of clause (xii) of paragraph 3 of the Order are not applicable to the Company.
13. According to the information and explanation given to us and based on our examination of the records, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details of such transactions have been disclosed in the financial statements as required by the applicable Ind AS – refer note 39 to the financial statements.
14. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, question of our comment on compliance with provisions of Section 42 of the Act does not arise.
15. In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with directors or persons connected with the directors. Therefore, the provisions of clause (xvi) of paragraph 3 of the Order are not applicable to the Company.

Annexure II to Independent Auditors' Report for the year ended 31st March 2020

(Referred to in paragraph 2(f) under the heading of 'Report on Other Legal and Regulatory Requirements' of our report of even date.)

Report on the Internal Financial Controls under section 143(3)(i) of the Companies Act, 2013 ('the Act')

Opinion

We have audited the internal financial controls over financial reporting of **Pallazzio Hotels & Leisure Limited** ("the Company"), as at 31st March 2020, in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI').

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls over Financial Reporting

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note, issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

N. A. SHAH ASSOCIATES LLP
Chartered Accountants

Pallazzio Hotels & Leisure Limited

Annexure II to Independent Auditors' Report for the year ended 31st March 2020

(Referred to in paragraph 2(f) under the heading of 'Report on Other Legal and Regulatory Requirements' of our report of even date.)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

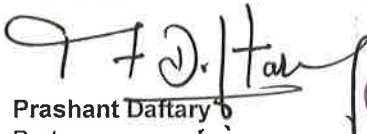

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

1. Company overview, nature of entity's operations and its principal activities

Pallazzio Hotels and Leisure Limited (the "Company") is a limited company domiciled and incorporated in India. The registered office of the Company is located at 426, Senapati Bapat Marg, Lower Parel, Mumbai – 400013, India. The Company is subsidiary of the Phoenix Mills Limited which is a listed entity.

The Company is in the hospitality business. Currently, it owns hotel at lower parel and it has entered into a management agreement with Starwood Hotels & Resorts India Private Limited for managing the routine operations of the hotel under the brand name "St. Regis".

The financial statements of the Company for the year ended 31st March 2020 were approved and adopted by board of directors of the Company in their meeting dated 25th June 2020.

2. Basis of preparation

2.1. Statement of Compliance

The financial statements (on standalone basis) of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. The Company has consistently applied the accounting policies except where a new accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2. Functional and presentation of currency

The financial statements are prepared in Indian Rupees which is also the Company's functional currency. All amounts are rounded to the nearest rupees in lakhs.

2.3. Basis of measurement

The financial statements have been prepared on a historical cost basis except for the following assets and liabilities which are measured at fair value:

- i) Certain financial assets and financial liabilities measured at fair value (refer accounting policy regarding financial instruments).
- ii) Defined benefit plans – plan assets measured at fair value.
- iii) Share based payments.

2.4. Use of significant accounting estimates, judgements & assumptions and key sources of estimation uncertainty

The preparation of the financial statements requires management to make estimates, judgements and assumptions that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as on the date of financial statements and reported amounts of income and expenses during the period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i) **Property, plant & equipment and Intangible assets**

The Company has estimated the useful life, residual value and method of depreciation / amortisation of property, plant & equipment and intangible assets based on its internal technical assessment. Property, plant & equipment and intangible assets represent a significant proportion of the asset base of the Company. Further the Company has estimated that scrap value of property, plant & equipment would be able to cover the residual value & decommissioning costs of property, plant & equipment.

Therefore, the estimates and assumptions made to determine useful life, residual value, method of depreciation / amortisation and decommissioning costs are critical to the Company's financial position and performance.

ii) **Contingencies**

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies / claim / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

iii) **Recognition of deferred tax asset**

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which such deferred tax assets can be utilized. Currently, the Company has recognised the deferred tax on unused tax losses / unused tax credits only to the extent of reasonable certainty. Any increase in probability of future taxable profit will result into recognition of unrecognised deferred tax assets.

iv) **Measurement of defined benefit plan & other long term benefits**

The cost of the defined benefit gratuity plan / other long term benefits and the present value of the gratuity obligation / other long term benefits are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation / other long term benefits is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

v) **Optionally Fully Convertible Debentures (OFCD) and Optionally Convertible Debentures (OCD)**

An issuer of a financial instrument shall classify the instrument or its component parts on initial recognition as a financial liability, financial asset or an equity instrument in accordance with the substance of the contractual arrangement and definition of financial liability, financial asset and an equity instrument. With respect to OFCD / OCD issued by the Company, which are convertible into fixed number of equity shares at fixed price and at the option of the Company, meet the definition of equity based on the management judgement that it would exercise the option of conversion.

Pallazzo Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

- vi) Estimation uncertainty relating to global health pandemic Covid-19

Uncertainty related to Covid-19 and the Company's assessment for its potential impact on the business is given in note 49 of financial statements.

2.5. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal market or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

Level 1 – unadjusted quoted price in active markets for identical assets and liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 – unobservable inputs for the asset or liability

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy.

3. Significant Accounting Policies

3.1. Presentation and disclosure of financial statements

All assets and liabilities have been classified as current and non-current as per Company's normal operating cycle and other criteria set out in the division II of Schedule III of the Companies Act, 2013, for a company whose financial statements are made in compliance with the Companies (India Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Pallazzio Hotels and Leisure Limited

Notes to financial statement for the year ended 31st March 2020

Based on the nature of service i.e. hospitality and the time between rendering of services and their realization in cash and cash equivalents, 12 months has been considered by the Company for the purpose of current / non-current classification of assets and liabilities.

3.2. Property, plant and equipment and depreciation

- i) Property, plant and equipment are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. Gross carrying amount of all property, plant and equipment are measured using cost model. High end operating supplies acquired prior to commencement of the hotel operations and opening of new restaurants / outlets are considered as a part of property, plant and equipment. Cost of property, plant and equipment includes non-refundable taxes and duties, borrowing cost directly attributable to the qualifying asset and any directly attributable costs of bringing the asset to its working condition for its intended use and the present value of the expected cost for the dismantling / decommissioning of the asset.
- ii) Parts (major components) of an item of property, plant and equipments having different useful lives are accounted as separate items of property, plant and equipments. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognises the replaced part, and recognises the new part with its own associated useful life.
- iii) Capital work-in-progress comprises of cost incurred on property, plant and equipment under construction / acquisition that are not yet ready for their intended use at the balance sheet date. Ready to use items like gym equipments etc. are considered as a part of capital work-in-progress / project cost as it can be used only when hotel starts operations and are capitalized along with other assets as and when hotel commences operations.
- iv) Pre-operation expenses (net of revenue) and borrowing cost directly attributable to the cost of construction of the qualifying asset are treated as part of the project cost and are capitalized / allocated to the cost of fixed asset in the year in which the project is completed. Administrative and other expenses which are not directly related to construction are charged to statement of profit and loss.
- v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in the statement of profit and loss in the year of occurrence.
- vi) Depreciation on property, plant and equipment
 - a) Depreciation on property, plant and equipment (other than freehold land and capital work in progress) is provided on straight line basis over the useful life of the relevant assets net of residual value whose life is in consonance with the life mentioned in Schedule II of the Companies Act, 2013 except;
 - a) in respect of servers and networks where the Company has estimated useful life of 3 years being lower than the useful life of 6 years as prescribed under Part C of Schedule II of the Companies Act, 2013, based on its internal technical assessment.
 - b) individual assets whose cost does not exceed five thousand rupees has been provided fully in the year of capitalization.
 - b) High end operating supplies referred to in note 3.2(i) above are depreciated over a period of three years on straight line method being its estimated useful life.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

- c) In the case of assets purchased, sold or discarded during the year, depreciation on such assets is calculated on pro-rata basis from the date of such addition or as the case may be, upto the date on which such asset has been sold or discarded.
- d) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each balance sheet date and in case of any changes, effect of the same is given prospectively.

3.3. Intangible assets and amortization

- i) Intangible assets are stated at cost of development or consideration paid for acquisition less accumulated amortisation and accumulated impairment loss, if any. Intangible assets are recognised only if it is probable that the future economic benefits attributable to the asset will flow to the enterprise and the cost of asset can be measured reliably.
- ii) Intangible assets comprise of computer software and is amortised over its useful life which is presently estimated to be 5 years.
- iii) The useful lives and methods of amortisation of intangible assets are reviewed at each balance sheet date and in case of any changes, effect of the same is given prospectively.

3.4. Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date for any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of a) fair value of assets less cost of disposal and b) its value in use. Value in use is the present value of future cash flows expected to derive from an assets or Cash-Generating Unit (CGU).

Based on the assessment done at each balance sheet date, recognised impairment loss is further provided or reversed depending on changes in circumstances. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life. If the conditions leading to recognition of impairment losses no longer exist or have decreased, impairment losses recognised are reversed to the extent it does not exceed the carrying amount that would have been determined after considering depreciation / amortisation had no impairment loss been recognised in earlier years.

3.5. Inventories

Inventories comprises of stock of food, beverages, stores and operating supplies and are valued at lower of cost (computed on weighted average basis) or net realizable value. Purchase of operating supplies (other than initial acquisition during the pre-commencement of the hotel and commencement of new restaurants / outlets as referred to in note 3.2(i) above) is charged to statement of profit and loss in the year of consumptions. The Cost comprises of cost of purchases, duties and taxes (other than those subsequently recoverable) and other costs incurred in bringing them to their present location and condition. Cost of inventories is arrived at after providing for cost of obsolescence.

3.6. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

i) Financial assets

a) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

b) Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in following categories:

- Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- Financial asset is held within a business model whose objective is to hold assets for collecting contractual cash flows and
- Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit and loss.

- Debt instruments at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified at the FVTOCI if both of the following criteria are met

- Financial asset is held with the business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets and
- Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial measurement, such financial assets are subsequently measured at fair value and fair value movements are recognised in other comprehensive income. However, interest income, impairment losses & reversal of impairment losses and foreign exchange gain or loss is recognised in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the effective interest method.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

- Debt instruments at fair value through profit or loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization at amortised cost or at FVTOCI, is classified at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss. The Company has not designated any debt instrument at FVTPL.

- Equity instruments measured at fair value

All equity instruments are measured at fair value in the balance sheet, with value changes recognised in the statement of profit and loss except for those equity instruments for which the entity has elected to present value changes in other comprehensive income. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to statement of profit and loss, even on sale of investment.

However, the Company may transfer the cumulative gain or loss within equity. The Company has not designated any equity instrument at FVTOCI.

c) Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - the Company has transferred substantially all the risks and rewards of the asset or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

d) Impairment of financial assets

The Company assesses impairment based on Expected Credit Losses (ECL) model to the followings:

- Financial assets measured at amortised cost
- Financial assets measured at fair value through other comprehensive income (FVTOCI)

Expected credit losses are measured through a loss allowance at an amount equal to:

- 12 months ECL (ECL that result from those default events on the financial instruments that are possible within 12 months after the reporting date) or
- Full lifetime ECL (ECL that result from all possible default events over the life of the financial instruments)

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivable & unbilled revenue and
- All lease receivable

Under simplified approach, the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Further individual trade receivables are provided / written off when management deems them not be collectible. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as expense / income in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount of assets. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Financial assets measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the other comprehensive income.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

ii) Financial liabilities

a) Initial recognition & measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

b) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- Financial liability at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 'Financial instruments' are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risk are recognised in other comprehensive income. These gains / losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit or loss.

- Loans & borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

iii) Compound financial instruments

The liability component of a compound financial instrument is recognised initially at fair value of a similar liability that does not have an equity component. The equity component is recognised initially as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and the equity components, if material, in proportion to their initial carrying amounts.

Subsequent to the initial recognition, the liability component of a compound financial instrument is measured at amortised cost using the effective interest rate method. The equity component of a compound financial instrument is not re-measured subsequent to initial recognition except on conversion or expiry.

iv) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

v) Re-classification

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no re-classification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

3.7. Equity share capital

Ordinary shares are classified as equity. Incremental costs net of taxes directly attributable to the issue of new equity shares are reduced from retained earnings, net of taxes.

3.8. Revenue recognition

With effect from 1st April 2018, the Company had adopted Ind AS 115 'Revenue from Contracts with Customers' which introduces a new five-step approach to measuring and recognizing revenue from contracts with customers. Under Ind AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. No adjustment was required to be made for the revenue recognized prior to implementation of this standard.

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discount, if any. When there is uncertainty as measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

Pallazzio Hotels and Leisure Limited

Notes to financial statement for the year ended 31st March 2020

- i) Revenue comprises of sale of rooms, banquets, food & beverages and allied services relating to hotel operations which is recognised upon rendering of service. Sales and services are recorded net of goods and services tax, sales tax and discounts. Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as income received in advance). Initial non-refundable membership fee is recognised as income over the period of validity of membership as the performance obligation is satisfied over the tenure of membership. Annual membership fees are recognised as income on time proportion basis. Membership fee is recorded net of taxes.
- ii) Contribution to customer loyalty programs calculated as per agreed percentages of qualifying revenues are accounted on accrual basis and the same is reduced from the revenue.
- iii) Dividend income on investments is accounted for in the year in which the right to receive is established, which is generally when shareholders approve the dividend.
- iv) For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.
- v) Lease income / rental income is recognised (net of goods and services tax) as per the terms of the relevant agreement. (Also refer note 3.14)
- vi) Non-refundable deposit received from lessee under operating lease is recognised as income over the tenure of the lease agreement on straight line basis.
- vii) Key money received (goods and service tax) in conjunction with entering into hotel management agreements is deferred and amortised over the term of the hotel management agreement. Un-amortised portion of key money is considered as non-financial liability.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

Deferred contract costs are incremental costs of obtaining a contract which are recognized as assets and amortized over the term of the contract.

The Company's contracts with customers mainly include promises to transfer products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract, if any. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

3.9. Government grants

Government grants are recognized in the period to which they relate when there is reasonable assurance that the grant will be received and that the Company will comply with the attached conditions. Government grants are recognized in the statement of profit and loss on systematic basis over a period in which the Company recognizes as expenses the related costs for which the grants are intended to compensate.

3.10. Foreign currency transactions

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. As at the Balance Sheet date, foreign currency monetary items are translated at closing exchange rate. Exchange difference arising on settlement or translation of foreign currency monetary items are recognised as income or expense in the year in which they arise.

Foreign currency non-monetary items which are carried at historical cost are reported using the exchange rate at the date of transactions. Foreign currency non-monetary items which are measured at fair value are reported using the exchange rate at the date when the fair value is determined. Exchange difference arising on fair valuation of non-monetary items is recognised in line with the gain or loss of item that give rise to such exchange difference (i.e. translation differences on items whose gain or loss is recognised in statement of profit and loss or other comprehensive income is also recognised in statement of profit or loss or other comprehensive income respectively).

3.11. Employee benefits

i) Short term employee benefit

All employee benefits falling due wholly within twelve months after the end of the reporting period are classified as short term employee benefits and they are recognised as an expense at the undiscounted amount in the statement of profit and loss in the period in which the employee renders the related service.

ii) Post-employment benefits

a. Defined contribution plan

The defined contribution plan is post-employment benefit plan under which the Company contributes fixed contribution to a government administered fund and will have no legal or constructive obligation to pay further contribution. The Company's defined contribution plan comprises of Provident Fund, Labour Welfare Fund and Employee State Insurance Scheme. The Company's contribution to defined contribution plans are recognised in the statement of profit and loss in the period in which the employee renders the related services.

b. Defined benefit plan

The Company has defined benefit plans comprising of gratuity. Company's obligation towards gratuity liability is funded and is managed by Life Insurance Corporation of India (LIC). The present value of the defined benefit obligations is determined based on actuarial valuation using the projected unit credit method. The rate used to discount defined benefit obligation is determined by reference to market yields at the Balance Sheet date on Indian Government Bonds for the estimated term of obligations.

Pallazzio Hotels and Leisure Limited

Notes to financial statement for the year ended 31st March 2020

Re-measurements comprising of (a) actuarial gains and losses, (b) the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and (c) the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to statement of profit and loss in subsequent periods.

The return on plan assets is the Company's expectation of average long-term rate of return on the investment of the fund over the entire life of the related obligation. Plan assets are measured at fair value as at the Balance Sheet date.

The interest cost on defined benefit obligation and expected return on plan assets is recognised under finance cost.

Gains or losses on the curtailment or settlement of defined benefit plan are recognised when the curtailment or settlement occurs.

iii) **Other long-term benefits**

The Company has other long-term benefits in the form of leave benefits. The present value of the other long term employee benefits is determined based on actuarial valuation using the projected unit credit method. The rate used to discount defined benefit obligation is determined by reference to market yields at the Balance Sheet date on Indian Government Bonds for the estimated term of obligations.

Actuarial gains or losses arising on account of experience adjustment and the effect of changes in actuarial assumptions are recognised immediately in the statement of profit and loss as income or expense.

Gains or losses on the curtailment or settlement of other long-term benefits are recognised when the curtailment or settlement occurs.

3.12. Share-based payments

The holding company has formulated "Employees Stock Option Scheme 2007" share-based payment scheme. Under said scheme, holding company has awarded its shares to the employees of the Company. The award will be settled through issuance of shares of the holding company. The holding company has the obligation to deliver the shares and there is no obligation to deliver shares on the Company. Since the Company does not have an obligation to settle the award, the award is treated as an equity-settled plan.

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. The Company is recognising the expenses in respect of employees to whom awards are granted and credit is given to other equity. The expenses is recognized over the vesting period. At the end of each reporting date, the Company revises its estimate of the numbers of options that are expected to vest to employees during the vesting period. The impact of the revision to original estimates, if any, is recognised in the statement of profit and loss with a corresponding adjustment to other equity.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

3.13. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the respective asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest expenses calculated as per effective interest method, exchange difference arising from foreign currency borrowings to the extent they are treated as an adjustment to the borrowing cost and other costs that an entity incurs in connection with the borrowing of funds.

3.14. Leases

A) Accounting policy effective from 1st April 2019

The Company had adopted Ind AS 116 'Leases' effective from 1st April 2019, as notified by the Ministry of Corporate Affairs in the Companies (Indian Accounting Standard) Amendment Rules, 2019. The adoption of this standard did not have any impact on the profits for the year.

As a Lessee:

- At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.
- At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease and non-lease component on the basis of their relative standalone prices.
- The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor:

- Assets acquired on leases where a significant portion of risk and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on straight-line basis or another systematic basis provided another systematic basis is more representative of the pattern in which benefits from the use of underlying asset is diminished. Initial direct cost incurred by lessor in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease terms on the same basis as lease fess income.

B) Accounting policy upto 31st March 2019

Lease arrangements where risks and rewards incidental to ownership of an asset substantially vest with the lessor are classified as operating lease.

Lease expenses / License fees income received on assets obtained / given under operating lease arrangements are recognised on a straight-line basis as an expense / in the statement of profit and loss over the lease term of the respective lease arrangement. Straight line basis is not used when payments are structured so as to increase in line with expected general inflation to compensate for the expected inflationary cost increases. Initial direct cost incurred by lessor in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease terms on the same basis as lease fess income.

Pallazzio Hotels and Leisure Limited
Notes to financial statement for the year ended 31st March 2020

3.15. Taxes on income

Tax expenses for the year comprises of current tax, deferred tax charge or credit and adjustments of taxes for earlier years. In respect of amounts adjusted outside profit or loss (i.e. in other comprehensive income or equity), the corresponding tax effect, if any, is also adjusted outside profit or loss.

Provision for current tax is made as per the provisions of Income Tax Act, 1961.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, and deferred tax assets are recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which such deferred tax assets can be utilized. In situations where the Company has unused tax losses and unused tax credits, deferred tax assets are recognised only if it is probable that they can be utilized against future taxable profits. Deferred tax assets are reviewed for the appropriateness of their respective carrying amounts at each Balance Sheet date.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises previously unrecognised deferred tax assets to the extent that it has become probable that future taxable profit allow deferred tax assets to be recovered.

3.16. Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term and highly liquid investments that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalent as calculated above also includes outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.17. Cash flow statement

Cash Flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Pallazzio Hotels and Leisure Limited

Notes to financial statement for the year ended 31st March 2020

3.18. Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognize a contingent asset but discloses its existence in the financial statements if the inflow of economic benefits is probable. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

3.19. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss (after tax) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average numbers of shares also includes fixed number of equity shares that are issuable on conversion of compulsorily convertible instruments and it is included from the date consideration is receivable (generally the date of their issue) of such instruments.

Diluted earnings per share is calculated by dividing the net profit or loss (after tax) for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.20. Exceptional item

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

3.21. Replacement reserve fund

In accordance with hotel operating agreement, replacement reserve fund has been created by debiting "Retained Earnings" based on the (a) agreed percentage of revenues and (b) interest earned from earmarked funds.

4. New standard issued / modified but not effective as at reporting date

Ministry of Corporate Affairs has not issued any new standard or amendments to the existing standards which would have been effective from 1st April 2020.

	Deferred tax liability:		
	Depreciation / Amortization	3,770.97	5,284.97
	Net deferred tax assets	-	381.58

- 10.1 As per Ind AS 12 - Income Taxes, deferred tax asset should be recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. In the current year Company has recognised deferred tax assets to the extent of deferred tax liability considering uncertainty related to taxable profit due to Covid-19 in near future against which unused tax losses can be utilised. In the previous year, the Company had recognised deferred tax assets to the extent it was probable that sufficient future taxable profit will be available against which such deferred tax assets can be realised.
- 10.2 The Company is having (i) unused depreciation losses as on 31st March 2020 is Rs. 27,160.30 lakhs (Previous year: Rs. 27,446.44 lakhs) and these losses do not have any expiry date (ii) unused tax business losses as on 31st March 2020 is Rs. 16,018.82 lakhs (Previous year: Rs. 17,580.20 lakhs) and its expiry date varies from 1 to 4 years (Previous year 2 to 5 years) respectively.
- 10.3 Also refer note 44 for other disclosures related to tax reconciliation.

	Net trade receivables	1,469.52	1,706.33

- 13.1 The Company follows simplified approach & the trade receivables do not contain significant financing component and accordingly the Company does not separately track changes in credit risk of trade receivables as the impairment amount represents "lifetime" expected credit loss. Accordingly, the disclosure as required by Schedule III, Division II of the Companies Act, 2013 as regards (a) Trade Receivables which have significant increase in credit risk & (b) Trade Receivables which are credit impaired is not required. However, as specified in accounting policy 3.6 (i)(d), in addition to collective pool assessment, the Company carried out individual assessment in respect of certain parties where the possibility of default in collection of trade receivable was high.

17.1 Rights, preferences and restrictions of Equity Shares:

The Company has only one class of shares referred to as equity shares having a par value of Rs.100/-. Each holder of equity shares is entitled to one vote per share. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. However, there are no preferential amounts inter se equity shareholders. The distribution will be in proportion to the number of equity shares held by the shareholders (After due adjustment in case shares are not fully paid up.) Also Refer note 18.1

	% of holding	No of Shares	% of holding	No of Shares
The Phoenix Mills Limited (PML)	100	12,00,000	100	12,00,000

* Of the above 12,00,000 shares, 7 shares are jointly held by PML with other parties.
In respect to the terms & conditions of instruments convertible into equity shares, refer Note 18.1

18 Other Equity

18.1 Terms of Securities convertible Into Equity Shares

(a) Optionally Convertible "Series J" Unsecured Debentures (OCD)

In the previous year, pursuant to consent provided by the holders of zero coupon non-convertible fully redeemable non-transferable debentures series F (in aggregate holding NCD of Rs. 4,600 lakhs) & approved by the Board of Directors vide resolution dated 30th March 2019, the Non-Convertible debentures aggregating to Rs. 4,600 lakhs was converted into 0.0001% Optionally Convertible Debentures Series - J (OCD-series J) aggregating to Rs. 4,600 lakhs in the previous year. As a result of this, the Company had issued 4,600,000 Optionally Convertible "Series J" Unsecured Debentures (OCD) of Rs 100 each to body corporate [including the holding company, Phoenix Mills Limited] at face value. In case of conversion, 1 OCD of Rs 100 each will be converted into such number of Equity shares of Rs 100 each at a premium of Rs 732 per share. Further at the option of the Company, OCD may be redeemed within 10 years from the date of allotment in one or more tranches at a premium not exceeding Rs 10 per OCD. The OCDs carries coupon rate @0.0001% p.a. until the date of redemption or conversion in to equity shares and the same is payable at the option of the Company.

OCD are convertible into fixed number of equity shares at fixed price and at the option of the Company and hence meet the definition of equity based on the management intention / judgement that it would exercise the option of conversion. Further refer note 2.4(v).

(b) Optionally Fully Convertible "Series I" Unsecured Debentures (OFCD)

The Company had issued 21,980,912 (Previous year: 21,980,912) Optionally Fully Convertible "Series I" Unsecured Debentures (OFCD) of Rs 100 each to body corporate [including the holding company, Phoenix Mills Limited] at face value. The Company has an option to convert OFCD into Equity shares of the Company at any time after 30th March 2017. In case of conversion, 1 OFCD of Rs 100 each will be converted into such number of Equity shares of Rs 100 each at a premium of Rs 575 per share. Further at the option of the Company, OFCD may be redeemed within 10 years from the date of allotment in one or more tranches at a premium not exceeding Rs 10 per OFCD. The OFCDs carries coupon rate @4% which will accrue only at the time of redemption & it will be payable at the time of redemption of the instrument by the Company.

OFCD are convertible into fixed number of equity shares at fixed price and at the option of the Company and hence meet the definition of equity based on the management intention / judgement that it would exercise the option of conversion. Further refer note 2.4(v).

(c) Non Cumulative Unsecured Compulsory Convertible Debentures "Series H"

The Company had issued 842,969 Non Cumulative Unsecured Compulsory Convertible Debentures "Series H" of face value of Rs. 100 each at a premium of Rs. 1,240.50 per debenture. As per debenture certificate, the investors have the option to convert each debenture into one equity share of the Company of Rs. 100 at any time on or after 14th July 2016. The Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared. In the event investors do not convert the debentures prior to 13th July 2018, each debenture will compulsorily be converted into one equity share of the Company on 14th July 2018.

In the financial year 17-18, the debenture holders had agreed to extend the date of conversion of CCD's for further period of 10 years from the date of renewal. Upon conversion, each CCD will be converted into one equity share with face value of Rs. 100 each. As per the revised terms, the Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared to debenture holders.

(d) Non Cumulative Unsecured Compulsory Convertible Debentures "Series D"

The Company had issued 407,703 Non Cumulative Unsecured Compulsory Convertible Debentures "Series D" of face value of Rs. 100 each at a premium of Rs. 664.26 per debenture. As per debenture certificate, the investors have the option to convert each debenture into one equity share of the Company of Rs. 100 at any time on or after 1st April, 2016. The debenture shall carry zero coupon till 31st March, 2016 and for the period of non conversion after 31st March, 2016 the instrument may be entitled to coupon rate of not more than 2% p.a., as may be decided by the Company. The Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared. At the end of the 7th year from the date of the issue, each debenture will compulsorily be converted into one equity share of Rs. 100 each of the Company.

In the financial year 17-18, the debenture holders had agreed to extend the date of conversion of CCD's for further period of 10 years from the date of renewal. Upon conversion, each CCD will be converted into one equity share with face value of Rs. 100 each. As per the revised terms, the Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared to debenture holders.

(e) Non Cumulative Unsecured Compulsory Convertible Debentures "Series A"

The Company had issued 635,294 Non Cumulative Unsecured Compulsory Convertible Debentures "Series A" of face value of Rs. 100 each at a premium of Rs. 664.26 per debenture. As per debenture certificate, the investors have the option to convert each debenture into one equity share of the Company of Rs. 100 at any time on or after 1st April 2016. The debenture shall carry zero coupon till 31st March, 2016 and for the period of non conversion after 31st March, 2016, not more than 2% p.a., as may be decided by the Company. The Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared. At the end of the 10th year from the date of the issue, each debenture will compulsorily be converted into one equity share of Rs. 100 of the Company.

In the financial year 17-18, the debenture holders had agreed to extend the date of conversion of CCD's for further period of 10 years from the date of renewal. Upon conversion, each CCD will be converted into one equity share with face value of Rs. 100 each. As per the revised terms, the Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared to debenture holders.

(f) Non Cumulative Unsecured Compulsory Convertible Debentures "Series C"

The Company had converted unsecured loan from Holding Company into 847,365 Non Cumulative Unsecured Compulsory Convertible Debentures "Series C" of face value of Rs. 100 each at a premium of Rs. 640.86 per debenture during the financial year 2012-13. As per debenture certificate, the investors have the option to convert each debenture into one equity share of the Company of Rs. 100 at any time on or after 1st April, 2015. The debenture shall carry zero coupon till 31st March 2015. If PML does not exercise the option to convert CCDs into equity shares, the instrument may be entitled to a coupon rate of not more than 2% p.a. as may be decided by the company for the period of non conversion after 31st March, 2015. The Company shall not declare any dividend or other distribution to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared. On 1st April, 2017, each debenture will compulsorily be converted into one equity share.

In the financial year 17-18, the debenture holders had agreed to extend the date of conversion of CCD's for further period of 10 years from the date of renewal. Upon conversion, each CCD will be converted into one equity share with face value of Rs. 100 each. As per the revised terms, the Company shall not declare any dividend or other distribution to be paid to the holder/s of the equity shares of the Company. However, in the event of such declaration, the Company will be obliged to pay coupon rate at the same rate as the dividend declared to debenture holders.

(g) Non Cumulative Unsecured Compulsory Convertible Debentures "Series B"

The Company had issued 769,440 in various tranches, Non Cumulative Unsecured Compulsory Convertible Debentures "Series B" of face value of Rs. 100 each at a premium of Rs. 1,721.66 per debenture. 	- Others (excess amount received from customers etc.)	1.47	1.08
	Total	2,737.99	2,328.90

25.1 The Company accounts for the invoices received from vendors/contractors based on the work certified. Creditors for capital goods include Rs 331.93 lakhs (Previous year Rs. 331.93 lakhs) being provision made towards the value of work done by the Company's appointed sub-contractors which is pending to be certified.

26	Current liabilities - Other current liabilities	(Rs. in lakhs)	
		As at 31st March 2020	As at 31st March 2019
	Income received in advance	163.83	168.30
	Advances from customers	562.10	479.00
	Key money advance	5,552.30	5,824.25
	Statutory dues	450.53	520.22
	Total	6,728.76	6,991.77

27	Current liabilities - provisions	(Rs. in lakhs)	
		As at 31st March 2020	As at 31st March 2019
	Provision for property tax (Refer Note 27.1(b))	5,805.00	4,828.00
	Provision for contingency (Refer Note 27.1(c))	120.27	116.27
	Provision for gratuity (Refer note 40)	25.00	30.69
	Provision for leave benefits (Refer note 40)	149.68	250.50
	Provision for performance bonus (Refer Note 27.1(a))	201.77	187.85
	Total	6,301.72	5,413.31

27.1 Disclosure in movement of provision as required by Ind AS 37 'Provisions, Contingent liabilities and Contingent Assets':

(a) The Company has made provisions for performance bonus which are expected to be paid in the next year. Details of which are tabulated below:

Particulars	(Rs. in lakhs)	
	For the year ended 31st March 2020	For the year ended 31st March 2019
Opening Balance	187.85	292.50
Add: Provision during the year	201.77	155.40
Less: Paid	147.40	232.80
Less: Written back	40.44	27.26
Closing Balance	201.77	187.85

(b) The Company had received demand for property tax in the month of September 2014, for the year 2012-13, 2013-14 & 2014-15 aggregating to Rs. 2,512.48 lakhs which was further revised in the month of January 2015 to Rs. 2,005.90 lakhs. The Company had contested the demand and pending resolution of the matter the Company had made payment under protest of Rs 800 lakhs. The management was confident that the maximum liability would not be in excess of 50% of the cumulative demand of Rs. 2,005.90 lakhs. Accordingly the Company based on its estimate had made cumulative provision of Rs. 920 lakhs for the years 2012-13, 2013-14 and 2014-15.

In the FY 2015-16 to FY 2019-20 the Company received the demand for Rs. 977 lakhs for each year and the same has been contested by the Company. As a matter of abundant caution, the Company has made additional provision of Rs. 977 lakhs for each year. The differential demand is disclosed as contingent liability (Refer note 37). Timing of additional outflow, if any, would be determined upon completion of the litigation. Details of provision made is tabulated below:

Particulars	(Rs. in lakhs)	
	For the year ended 31st March 2020	For the year ended 31st March 2019
Opening Balance	4,828.00	3,851.00
Add: Provision during the year	977.00	977.00
Less: Paid / Utilized	-	-
Less: Written back	-	-
Closing Balance	5,805.00	4,828.00

(c) Provisions for contingency are towards various cases in respect of which management believes that there are present obligations and the settlements of such obligations are expected to result in outflow of resources, to the extent provided for

Particulars	(Rs. in lakhs)	
	For the year ended 31st March 2020	For the year ended 31st March 2019
Opening Balance	116.27	26.27
Add: Provision during the year	4.00	90.00
Less: Paid / Utilized	-	-
Less: Written back	-	-
Closing Balance	120.27	116.27

36 Capital Commitments and Other Commitments

- (a) Estimated amounts of contracts remaining to be executed on capital accounts (Net of advances) and not provided for in the accounts are Rs. 15.51 lakhs (Previous year: Rs. Nil).
- (b) Other commitment (for current year and previous year) is for simple coupon rate @ 4% which will be payable only in case of redemption of OFCD and this will accrue at the time of redemption (Also refer note 18.1(b)).

37 Contingent Liabilities

- (a) During the year, the Company has received demand from Income tax department for Rs. 9.98 lakhs for the year 2011-12 and Rs. 16.97 lakhs for the year 2016-17. The Company has filed appeal against order for the year 2011-12 and also paid Rs. 2 lakhs under the protest. The Company has also filed letter of rectification against order for the year 2016-17.
- (b) Demand received for property tax (net of provision) of Rs.1,085.90 lakhs (Previous year: Rs.1,085.90 lakhs) which has been contested by the Company. Further, additional interest liability, if any, will be determined at the time of outcome of matter under dispute. (Refer note 27.1(b)).
- (c) In the earlier years, the Company had received VAT demand from sales tax department of Rs. 580.11 lakhs (including penalty of Rs. 329.00 lakhs) from department. In the previous year, the Company had filed appeal against the said demand and paid Rs. 25.11 lakhs under the protest. During the year, Company has paid differential liability under VAT Amnesty Scheme 2019 and also filed form for settlement of arrears under said amnesty scheme. Considering this, no further amount is payable by the Company against this demand.
- (d) Demand from sales tax department for Luxury Tax of Rs. 20.91 lakhs (Previous year: Rs. 20.91 lakhs) and interest & penalty of Rs. 23.68 lakhs (Previous year: Rs.23.68 lakhs). In the previous year, the Company had filed appeal against the said order and also paid Rs.10 lakhs under the protest. Further, additional interest liability, if any, will be determined at the time of outcome of matter under dispute.
- (e) In FY 17-18, the Company had received legal notice from customer (for claim of Rs. 12 Lakhs plus interest) which has been disputed by the Company. Pending outcome of matter, the same has not been acknowledged as debt by the Company.

The future cash outflows of matters reported under point 37 (a), (b), (d) & (e) are determinable on receipt of decisions / judgments pending with forums / authorities.

- 38 There are no reportable segments under Ind AS-108 'Operating Segments' as all the activities relate to only one segment i.e. hospitality services. Further the management of the Company is also reviewing the results / operations of the Company as single segment i.e. hospitality services.

40 Employee Benefits:

(a) Brief description of the defined benefit plans and other long term benefits:

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount equivalent to 15 days salary for each completed year of service subject to a maximum of Rs. 20 lakhs. Vesting occurs upon completion of five continuous years of service in accordance with Payment of Gratuity Act, 1972. The Company has funded its Gratuity obligation under Group Gratuity policy managed by LIC.

Leave benefits are payable to eligible employees who have earned leaves, during the employment and / or on separation as per the Company's policy and it is un-funded. Further employees can utilize earned leaves balances against the absences.

(b) Assumptions used by actuary for arriving at the value of benefits of gratuity and leave :

Particulars	31st March 2020	31st March 2019
Discount rate	6.70%	7.75%
Expected rate of salary increase	0.00% for the first year, 5.00% for the next year & 7.00% thereafter	10%
Expected rate of return on asset	6.70%	7.75%
Attrition Rate	15%	15%
Mortality Pre-retirement	India Assured Lives (2012-14)	India Assured Lives (2006-08)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other supply and demand factors in the employment market.

The other disclosures are tabulated below:

Actuarial (Gains) / Losses	-	(103.83)	-	47.32
Net cost	80.55	48.35	65.40	87.26

Particulars	2019-20		2018-19	
(v) Recognised in other comprehensive Income for the year				
Actuarial changes arising from changes in financial assumptions	(34.29)		6.41	
Actuarial changes arising from changes in experience assumptions	(36.62)		(1.35)	
Return on plan assets excluding interest income	(0.37)		6.23	
Recognised in other comprehensive income	(71.27)		11.29	

Particulars	31st March 2020		31st March 2019	
(vi) Maturity profile of defined benefit obligation				
Within the next 12 months (next annual reporting period)		24.61		25.98
Between 2 and 5 years		106.86		104.81
Between 6 and 10 years		93.95		95.15

Particulars	31st March 2020		31st March 2019	
(vii) Quantitative sensitivity analysis for significant assumption is as below: (Increase / (decrease) on present value of defined benefits obligation at the end of the year)				
One percentage point increase in discount rate		-11.73		194.78
One percentage point decrease in discount rate		13.09		219.22
One percentage point increase in rate of salary		12.23		217.11
One percentage point decrease in rate of salary		-11.34		195.99
One percentage point increase in employee turnover rate		-1.42		203.65
One percentage point decrease in employee turnover rate		1.43		209.04

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied for calculating the defined benefit obligation recognised within the Balance Sheet.

As at 31st March 2020 and 31st March 2019, the plan assets have been primarily invested in Government securities. The Company expects to contribute Rs. 25 lakhs to the gratuity scheme in the next financial year.

Particulars	31st March 2020	31st March 2019
Insurer Managed Funds	100%	100%

- (c) In the current year, there is provision for short term compensated absences of Rs. 9.55 lakhs (Previous year Rs.19.29 lakhs). Cumulative outstanding balance of provision for short term compensated absence is Rs. 29.73 lakhs (Previous year: Rs. 20.18 lakhs).
- (d) Defined contributions plans

Amount of Rs. 245.28 lakhs (Previous year: Rs. 214.60 lakhs) is recognised as an expense and included in Employee benefits expense as under the following defined contribution plans:

Particulars	2019-20	(Rs. in lakhs) 2018-19
Contribution to Provident Fund	223.06	185.69
Contribution to Employee state insurance scheme	21.82	28.45
Contribution to Labour welfare scheme	0.40	0.46
Total	245.28	214.60

41 Disclosure under Ind AS 116 'Leases'

The Company had adopted Ind AS 116 'Leases' effective from 1st April 2019, as notified by the Ministry of Corporate Affairs in the Companies (Indian Accounting Standard) Amendment Rules, 2019. Ind AS 116 replaces Ind AS 17 'Leases' and related interpretation and guidance. The adoption of this standard did not have any impact on the profits for the year.

- (a) As lessor
- (i) In accordance with the terms of the issue of non-convertible debentures, the Company had given the debenture holders a right to occupy certain premises of the hotel building. No separate/additional consideration is receivable for the same. As stated in note 19.4, in the previous year, the Company had converted NCD of Rs. 4,600 lakhs into 0.0001% OCD aggregating to Rs. 4,600 lakhs and accordingly, right to occupy certain portion of Company's premises by NCD holders was relinquished.
- (ii) In accordance with the arrangements entered into by the Company, the Company has accounted for license fees of Rs. 408.99 lakhs (Previous year: Rs. 496.13 lakhs) [including amortization of non-refundable security deposit of Rs. Nil (Previous year: Rs.111.11 lakhs) and contingent rent of Rs. 77.85 lakhs (Previous year: Rs. 74.89 lakhs)].
- The minimum license fees receivable in next one year is Rs. 373.03 lakhs (Previous year: Rs. 325.50 lakhs) and later than one year and not later than five years is Rs. 306.36 lakhs (Rs. 679.39 lakhs).

The gross carrying amount and accumulated depreciation at the balance sheet date of the said premises is given below:

Particulars	Buildings	Plant & Machinery	Furniture & Fixtures	(Rs. in lakhs) Total
Gross block				
As at 31st March 2019	438.22	5.10	32.26	475.59
As at 31st March 2020	438.22	5.10	32.26	475.59
Depreciation				
For FY 18-19	48.02	10.49	8.38	64.89
For FY 19-20	15.51	0.42	5.19	21.12
Accumulated depreciation:				
As at 31st March 2019	58.95	0.24	20.76	77.96
As at 31st March 2020	72.47	0.66	25.95	99.08
Net book value				
As at 31st March 2019	381.27	4.86	11.50	397.63
As at 31st March 2020	365.76	4.44	6.31	376.51

- (b) As lessee

Interest expense on lease liabilities;	-
Expense relating to short-term leases (included in 'Administrative and other expenses' & 'Other operating cost')	155.95
Expense relating to leases of low value assets (included in 'Administrative and other expenses' & 'Other operating cost')	-
Lease payments debited to lease liabilities	-
Expense relating to variable lease payments not included in the measurement of lease liabilities;	-
Income from subleasing right-of use assets;	-
Total cash outflow of leases; (including short term and low value leases)	155.95
Gains or losses arising from sale and leaseback transaction;	-

42 Share based payment

The holding company has issued stock options under "Employees Stock Option Scheme 2007". The Compensation Committee of the holding company has granted options to the certain employees of the Company.

As per the scheme, options are vested to employees over a period of 5 years and once options are vested, it remains exercisable for 3 years. When exercisable, each option entitles the holder to purchase one share of holding company at an exercise price determined by the compensation committee on the grant date. The holding company has the obligation to deliver the shares and there is no obligation to deliver shares on the Company. Since the Company does not have an obligation to settle the options, the options are treated as an equity-settled plan. The details of the plan are as follows:

Particulars	For the year ended 31st March 2020	For the year ended 31st March 2019
Options outstanding at the beginning of the year (Nos)	22,800	25,000
Options granted during the year (Nos)	-	-
Options forfeited during the year (Nos)	-	-
Options expired during the year (Nos)	-	-
Options exercised during the year (Nos)	(4,250)	(2,200)
Options outstanding at the end of the year (Nos)	18,550	22,800
Options vested and exercisable at the end of the year (Nos)	-	-
Weighted average exercise price in Rs.	333.90	333.90
Remaining contractual period	2 years 7 months	3 years 7 months

43 Earnings per share

Particulars	For the year ended 31st March 2020	For the year ended 31st March 2019
Profit after tax but before other comprehensive income (Rs. in lakhs)	1,222.17	6,461.57
Weighted average number of equity shares - Basic EPS	53,18,918	53,18,918
Weighted average number of equity shares - Diluted EPS	91,28,234	85,78,379

FVTOCI - Fair Value Through Other Comprehensive Income
FVTPL - Fair Value Through Profit or Loss

Bank guarantee:

Bank guarantees aggregating to:

- Rs. 215.76 lakhs (Previous year: Rs. 251.51 lakhs) given by the Company for EPCG license.
- Rs. 13.30 lakhs (Previous year: Rs. 13.30 lakhs) given by the Company to Directorate General of Foreign Trade for obtaining liquor licenses.
- Rs. 50 lakhs (Previous year: Rs. Nil) given by the Company to Maharashtra Pollution Control Board.
- Rs. 144.52 lakhs (Previous year: Rs. 141.89 lakhs) given by the Company towards Tata Power Company Limited as a Security towards prompt payment.
- Rs. 8.77 lakhs (Previous year: Rs. 3.30 lakhs) given by the company to The Collector/ Superintendent of State Excise
- Rs. 5 lakhs (Previous year: Rs. Nil) given by the company to The Municipal Corporation of Greater Mumbai

(b) Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following method and assumptions are used to estimate the fair values:

- The management assessed that fair value of Trade receivables, Cash and cash equivalents, Current financial assets - Other assets, Short term borrowings, Trade Payables, Current financial liabilities - Other liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Further, the management has assessed that fair value of Non-current financial assets - Other assets, Non-current financial liabilities - Other liabilities, investments in Preference Shares, investments in Government Securities will be approximate to their carrying amounts.

Pallazzo Hotels and Leisure Limited
Notes on financial statement for the year ended 31st March 2020

- (ii) Long-term variable rate borrowings are evaluated by the Company based on the parameters such as interest rates, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximate their carrying values.

(c) Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable , either directly or indirectly

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Item covered in note 45(b)(i) & (ii) has not been disclosed in below table as their value approximates to its carrying value and they are measured at amortized cost.

Sr. No	Particulars	31st March 2020			31st March 2019		
		Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
A	Investment in equity instrument*						

* Cost of investment in equity instruments is Rs. 0.25 lakhs (Previous year Rs. 0.25 lakhs). Considering the materiality, the cost of investment has been considered as equivalent fair value and hence no additional disclosure has been made.

During the year ended 31st March 2020 & 31st March 2019 there were no transfers between level 1 & level 2 fair value measurements, and no transfer into & out of level 3 fair value measurements.

46 Financial Risk Management

The Company has exposure to the three risks from its use of financial instruments i.e. Credit risk, Liquidity risk and Market risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance. The Company does not have any derivative financial instruments. The Board of directors has overall responsibility for the establishment of the company's risk management framework. Risk management systems are reviewed periodically to reflect changes in market conditions and company's activities.

(a) Market Risks :

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The value of a financial instruments may change as a result of changes in interest rates, foreign currency exchange rates, equity prices and other market changes that affect the market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivable and payables and loans & advances etc. The Company is exposed to market risk primarily related to foreign exchange currency risk and interest rate risk.

(i) Foreign exchange currency risk

The Company transacts business primarily in Indian Rupee, however, it has foreign currency payable and receivable (mainly in USD) and is therefore, exposed to the said foreign exchange currency risk. The Company does not enter into any forward exchange contracts being derivative instruments for trading or speculative purposes. The Company did not enter into any forward exchange contracts being derivative instruments for hedging purposes during the year and in the previous year. The following table analyses the foreign currency risk from monetary assets and liabilities as at balance sheet date.

Particulars	Foreign Currency (FC)	31st March 2020		31st March 2019	
		Amount in FC	Rs. in lakhs	Amount in FC	Rs. in lakhs
Trade payables	USD	9,24,144	696.50	8,62,085	597.26
	HKD	2,15,566	20.96	2,15,566	19.03
Cash and cash equivalent	USD	540	0.41	2,490	1.73
	EURO	-	-	520	0.40
	GBP	75	0.07	-	-
	HKD	-	-	1,000	0.09
	SGD	-	-	122	0.06

Pallazzo Hotels and Leisure Limited
Notes on financial statement for the year ended 31st March 2020

The following table demonstrates the sensitivity in the foreign currency to the Indian rupee with all other variables held constant. The impact on company's profit after tax and on other equity due to change in fair value of financial assets and liabilities is given below :

Particulars	(Rs. in lakhs)			
	Increase / (Decrease) in profit after tax		Increase / (Decrease) in other equity	
	31st March 2020	31st March 2019	31st March 2020	31st March 2019
USD sensitivity				
INR/ USD - Increase by 1%	(6.96)	(5.96)	(6.96)	(5.96)
INR/ USD - Decrease by 1%	6.96	5.96	6.96	5.96

(II) **Interest rate risk**

The Company's primarily interest rate risk arises from borrowings at variable interest rates. Borrowings taken at variable rate expose the company to cash flow interest rate risk. With all other variables held constant the following table demonstrates the impact of interest rate risk. The impact on company's profit after tax and on other equity due to change in interest rate is given below :

Particulars	(Rs. in lakhs)			
	Increase / (Decrease) in profit after tax		Increase / (Decrease) in other equity	
	31st March 2020	31st March 2019	31st March 2020	31st March 2019
Increase by 1%	(424.43)	(478.32)	(424.43)	(478.32)
Decrease by 1%	424.43	478.32	424.43	478.32

The above amount is excluding the outstanding interest free loan.

(b) **Credit Risk :**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instruments fail to meet its contractual obligations. The Company is exposed mainly to credit risk arises from cash and cash equivalents, deposit with banks and outstanding trade receivables.

(i) **Trade Receivables and unbilled revenue**

The Company extends credit to customers in normal course of business. The Company considers factor such as credit track report of customer, industry practice, payment track record etc. The Company has also taken advances and security deposits from its customer which mitigate the credit risk to an extent. The Company evaluates the concentration of risk with respect to trade receivables and unbilled revenue as low, as its customers belongs to several industries.

The ageing of trade receivable along with expected loss rate is as below :

Particulars	Ageing		(Rs. in lakhs)
	Upto 6 months	More than 6 months	Total
As at 31st March 2020			
Secured	-	-	-
Unsecured	1,564.33	192.06	1,756.39
Total receivables and unbilled revenue	1,564.33	192.06	1,756.39
Allowance for doubtful receivables and expected credit losses			120.46
Net Receivables	1,564.33	192.06	1,635.93
Expected loss rate *			6.86%
As at 31st March 2019			
Secured	-	-	-
Unsecured	2,084.82	98.37	2,183.19
Total receivables and unbilled revenue	2,084.82	98.37	2,183.19
Allowance for doubtful receivables and expected credit losses			108.30
Net Receivables and unbilled revenue	2,084.82	98.37	2,076.89
Expected loss rate *			4.87%

* Expected loss rate includes both allowance made based assessed credit risk on an individual basis and expected loss based on hotel policy.

Pallazzo Hotels and Leisure Limited
Notes on financial statement for the year ended 31st March 2020

Movement in expected credit loss and allowance for doubtful receivables : (Rs. in lakhs)				
Particulars	31st March 2020		31st March 2019	
	Allowance for doubtful receivables	Expected credit loss	Allowance for doubtful receivables	Expected credit loss
Opening balance	63.23	43.07	14.10	28.12

Adjusted against bad debts	(32.30)	-	(4.83)	-
Amount written back	-	(4.00)	-	-
Closing balance	81.39	39.07	63.23	43.07

(II) Cash and cash equivalent and Bank deposits

The Company considers factors such as track record, size of institution, market reputation and service standards to select the banks with which balances and deposits are maintained. The balance and fixed deposits are generally maintained with the banks with whom the Company has availed the credit facilities. Further the Company does not maintain significant cash in hand other than those required for its day to day operations. Considering the same, the Company is not exposed to expected credit loss of cash and cash equivalent and bank deposits.

(c) Liquidity Risk :

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligation on time. The Company relies on mix of borrowings, capital and operating cash flows to meet its needs for funds. The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on the undiscounted payments.

Particulars	(Rs. in lakhs)			
	Less than 1 year	1 to 5 year	Above 5 years	Total
As at 31st March 2020				
Borrowings	1,949.88	2,946.25	39,407.65	44,304.08

Optionally convertible debentures	-	-	4,600.00	4,600.00
Total	88,857.17	(8,464.18)	-	80,392.99

- 49 Covid-19 outbreak has been declared as a pandemic by the WHO, subsequently the Government of India has initiated a series of measures to contain the outbreak, including imposing multiple 'lock-downs' across the country, from March 24, 2020. This has posed challenges to the business of the Company. As per the directives of the Central/State Governments it was mandated to close all business activities during the lockdown period.

The Company has assessed the potential impact of Covid-19 on its capital and financial resources, profitability, liquidity position, ability to service debt falling due for payment within next 12 months and other financing arrangements, supply chain and demand for its services. In order to conserve its cash flows the Company has availed moratorium offered by banking partners as per the RBI guidelines on principal & interest for a period of 6 months. The current liquidity position continues to be stable and comfortable and it has available sanctioned unutilised working capital limits to meet any of its future cash flow requirements. Various cost rationalization measures have been undertaken at the hotel including but not limited to energy conservation, resource deployment and deferral of certain non-critical upgrades.

The Company has also assessed the potential impact of Covid-19 on the carrying value of property, plant & equipment, trade receivables, inventories, and other current assets appearing in the financial statements of the Company. In developing the assumptions and estimates relating to the future uncertainties in the economic conditions because of this pandemic, the Company as at the date of approval of these Financial statements has used internal and external sources of information and based on current estimates, expects to recover the carrying amounts of these assets. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

The Company expects the hotel to become operational in phased manner as the demand for its services is expected to pick up albeit at a slower pace once lockdown is lifted. Demand outlook for second half continues to remain good mainly on account of demand from corporates and postponement of large, luxury weddings during March 2020 to June 2020 to the period between October 2020 and March 2021.

50 Corporate social responsibility

As per Section 135 of the Companies Act 2013, effective current year Corporate Social Responsibility (CSR) is applicable to the Company. Gross amount required to be spent by the Company during the year is Rs. Nil considering that the Company is not having profit u/s 198 of the Companies Act 2013 due to set off of carried forward losses.

- 51 Additional Information as required by para 7 of General Instructions for preparation of Statement of Profit and Loss (other than already disclosed above) are either Nil or Not Applicable.

- 52 The Company's management has developed a system of maintenance of information and documents as required by the Transfer Pricing Legislation under Section 92 to Section 92F of the Income Tax Act, 1961. The Company has represented that international transactions with associated enterprises are at arm's length and transfer pricing legislation will not have an impact on the financial statements particularly on the amount of tax expense for the period and the amount of provision for tax at the period end.

- 53 Previous year figures have been regrouped/rearranged wherever necessary.

As per our audit report of even date
